

PRODUCT FACTSHEET

RepRisk Essential

Your managed solution

Use **RepRisk Essential** to identify, monitor, and respond to business conduct and ESG (environmental, social, and governance) risks related to your subsidiaries, suppliers, business partners, competitors, and investment portfolios

With worldwide subsidiaries and competitors, highly complex supply chains, business partnerships, and investment portfolios, RepRisk Essential brings you **peace of mind** when it comes to your company's exposure to business conduct risks.

- Have your subsidiaries, suppliers, business partners, competitors, and investment portfolios **checked for compliance** with your internal policies and international standards
- Be informed on a **need-to-know** basis about any risk incidents relevant to your operations, which are identified through our **daily monitoring**
- Enjoy full visibility and control thanks to **customized and comprehensive reports**
- Be empowered to actively **manage and respond** to business conduct risks

To protect your business, RepRisk Essential helps you to close potential internal gaps in terms of policies, processes, and people

How does it work?

- You provide us with a list of companies to be monitored
- Based on your internal policies and international standards, we jointly define the business conduct risks material to your company
- You receive ongoing customized alerts, periodic customized reports, and support from the RepRisk team
- You are equipped with a checklist and deployment guide to help address any business conduct risks identified

RepRisk works with leading multinationals

The RepRisk ESG Risk Platform

- The world's largest due diligence database on business conduct risks
- Stand-alone Software as a Service (SaaS) with easy online access at any time, from anywhere
- In-depth, daily-updated risk research on companies, projects, sectors, and countries

Why RepRisk?

- **Exclusive focus on risks** from an outside-in perspective – looking beyond policies to assess a company's actual on-the-ground performance
- **Universal coverage** including public and private companies of all sizes, sectors, and countries
- **Daily-updated** data
- **Coverage of 28 business conduct issues and 57 "hot topics"** to track trends and developments
- **Leverages big data** via a powerful combination of artificial intelligence and human analysis in 20 languages

RepRisk Essential enables compliance with internal policies and international standards
