RepRisk launches new corporate benchmarking report: the RepRisk Director’s Brief

The Director’s Brief assesses and benchmarks a company’s own exposure to ESG risks against a customizable peer list

RepRisk, the worldwide leader in the analysis, monitoring, and quantification of environmental, social, and governance (ESG) risks, is pleased to announce the launch of its Director’s Brief, a new corporate benchmarking report that serves as a data-driven strategy and decision-making tool for board members and executives, risk management and corporate affairs professionals, as well as CSR and sustainability teams.

Powered by RepRisk’s daily-updated and curated data in 15 languages, the Director’s Brief provides a snapshot of the key ESG challenges and hot spots for a company and its customizable peer list. The cornerstone of the Brief is the RepRisk Rating – a proprietary risk metric, ranging from AAA to D – that facilitates corporate benchmarking and ESG integration.

“RepRisk is excited and proud to add the Director’s Brief to our suite of state-of-the-art solutions for the management of ESG and reputational risks in day-to-day business,” states Dr. Philipp Aeby, CEO at RepRisk.

“Together with this, we have also revamped our RepRisk Company Reports for those users interested in a deep-dive into one specific company. These two complementary products ensure you have comprehensive, actionable intelligence at your fingertips.”
