

The 2016 IRRI survey has identified
the top research that
Asset Managers are looking for
to improve their service. **We have it.**

One.

Wider
geographical
coverage

Two.

More timely
updates of
information

Three.

Greater
coverage of
small cap stocks

Four.

More selective
coverage:
financially-material
issues only

Five.

Coverage of asset
classes other
than listed equity

Six.

Stronger
risk-focus to
analysis
