### About RepRisk

Founded in 1998 and headquartered in Switzerland, RepRisk is a pioneer in ESG data science that leverages the combination of AI and machine learning with human intelligence to systematically analyze public information and identify material ESG risks. RepRisk's flagship product, the RepRisk ESG Risk Platform, is the world's largest and most comprehensive due diligence database on ESG and business conduct risks, with expertise in 20 languages and coverage of 140,000+ public and private companies and 35,000+ infrastructure projects. For more than a decade, the world's leading financial institutions and corporations have trusted RepRisk for due diligence and risk management across their operations, business relationships, and investments. ### Job Description

As a RepRisk Analyst you will analyze and enter risk incidents from NGOs, the internet, print and other media into the RepRisk® ESG Risk Platform. RepRisk facilitates the identification and assessment of environmental, social and corporate governance issues which may present financial, reputational and ethical risks. It is used by investment professionals, financial institutions, supply chain managers, multinational corporations and compliance managers. The RepRisk® ESG Risk Platform plays an integral role in increasing transparency and ensuring compliance with internal and international standards, thereby helping reduce risk exposure.

### Responsibilities

- Identifying risk incidents related to environmental, social and corporate governance issues
- Assessing the corresponding RepRisk issues within the news
- Entering newly criticized companies, projects, etc. into the RepRisk® database

- Summarizing and scoring the incident according to our proprietary methodology

## Candidate Profile

- You are fluent in **Danish and/or Dutch and at least one other RepRisk language (excluding English)** You have the equivalent to a **native-level of English**
- **In Addition, reading proficiency** in other RepRisk languages is a plus. The current order of preference: **Spanish, Portuguese, German, Russian, Swedish, Finnish, Norwegian**. We are also interested in: French, Italian, Chinese, Arabic, Japanese, Korean, Hindi, Bahasa, Tagalog. Please note: For RepRisk analysis purposes, you do not need spoken or written proficiency in these languages.
- You have excellent English writing skills, including **strong analysis and editorial skills**
- You have a strong interest in environmental, social or corporate governance issues
- You have a minimum of a Bachelor's degree. A background in journalism, international relations, environmental, social, or media sciences is a plus

## Personal Attributes

- You are extremely reliable and meet the high-quality standards of a premium product
- You set high standards for performance
- You are self-motivated, versatile and adaptable
- You are a team-player and receptive to feedback
- You drive for results and deliver on agreements
- You bring tasks to a successful conclusion

## What We Offer

- An entrepreneurial, young work-environment with a motivated, international team
- Making a significant contribution to the field of sustainability
- A long-term employment opportunity at a growing global company
- Flexible working hours
- Dynamic work environment within an established company setting
