

RepRisk for CSR and sustainability

Your daily-updated ESG risk solution

- Monitor your own company's risk exposure and conduct peer benchmarking
- Inform your policy development, internal communications, and management reporting
- Support coordination with investor relations activities and stakeholder engagement
- Understand and improve performance in questionnaires from sustainability index providers including SAM (DJSI), FTSE4Good, and CDP
- Facilitate compliance with international standards such as the UNGC, SASB, and SDGs

Why RepRisk?

- **Focusing on the conduct of companies** as reported by 100,000+ public sources and measured by various ESG standards
- **Daily data updates** on 101 ESG factors with data history since 2007
- **Leveraging big data** via a powerful combination of AI and machine learning together with 120+ analysts in 23 languages for early risk detection
- **World's largest ESG coverage** of 200,000+ public and private companies across all sectors, and regions, including emerging and frontier markets
- **Coverage of facilities and projects** such as mines, pipelines, dams, ships, and ports

RepRisk is a pioneer in ESG data science with 15 years of experience helping leading financial institutions and corporates integrate ESG into their risk management processes across their operations, business relationships, and investments. It is the only ESG data provider that systematically covers private companies (185,000+), infrastructure projects (50,000+), and emerging and frontier markets.
