

RepRisk for Private markets

Your daily-updated ESG risk solution

- Perform in-depth pre-acquisition and pre-financing ESG due diligence
- Conduct post-transaction monitoring on ESG and business conduct risks
- Conduct negative- and norms-based screening of any investment universe, short list, or portfolio
- Benchmark and engage with companies about their ESG and business conduct risk exposure
- Ensure compliance with international standards including the UNPRI, UNGC, SASB, and the SDGs

Why RepRisk?

- **Focusing on the conduct of companies** as reported by 100,000+ public sources and measured by various ESG standards
- **Daily data updates** on 95 ESG factors with consistent timeseries since 2007
- **Leveraging big data** via a powerful combination of AI and machine learning together with 90+ analysts in 20 languages for early risk detection
- **World's largest ESG coverage** of 160,000+ public and private companies across all sectors, and regions, including emerging and frontier markets
- **Coverage of facilities and projects** such as mines, pipelines, dams, ships, and ports

RepRisk is a pioneer in ESG data science with 15 years of experience helping leading financial institutions and corporates integrate ESG into their risk management processes across their operations, business relationships, and investments. It is the only ESG data provider that systematically covers private companies (100,000+), infrastructure projects (40,000+), and emerging and frontier markets.
