

RepRisk for Stock exchanges

Why Partner?

- Better serve clients and meet market demand: Expand data offering to meet growing market demand for ESG data, while leveraging deep domain expertise and proven track record of leader in ESG data science
- Shared expertise and innovation: Together with partners, we accelerate innovation of new ESG products and services, working in an agile manner to leverage expertise and complementary assets
- Faster product development: By leveraging RepRisk's razor-sharp ESG risk metrics in product development or redistribution channels, our partners can bring novel and targeted products and services to the market more quickly and effectively

Why RepRisk?

- **Focusing on the conduct of companies** as reported by 100,000+ public sources and measured by various ESG standards
- **Daily data updates** on 95 ESG factors with data history since 2007
- **Leveraging big data** via a powerful combination of AI and machine learning together with 90+ analysts in 20 languages for early risk detection
- **World's largest ESG coverage** of 165,000+ public and private companies across all sectors, and regions, including emerging and frontier markets
- **Ensures alignment** with the UN Principles for Responsible Investment, the UN Global Compact, SASB, and the SDGs

Product offering and benefits

- Explicitly link ESG performance, business strategy, and financial performance of issuers and listed companies
- Systematically assess companies according to key international ESG and sustainability reporting frameworks
- Understand and engage with public audience about ESG and business conduct risk exposure and its impact on investment risks
- Benchmark issuers, sectors, and countries on ESG risks
- Reduce blind spots and illuminate reputational risks relating to human rights, labor issues, environmental risks, and corruption
- Redistribution of RepRisk Data Feeds and/or integration of selected RepRisk ESG data in desktop applications or platform to enable transparency, compliance reporting, and risk management available to subscribing issuers and investors
- Enable creation of stand-alone, or custom, or co-created ESG metrics based on ESG materiality, or based on regulatory requirements leveraging RepRisk existing datasets and/or methodologies
- Screen listed companies and issuers against ESG reporting requirements, ongoing incidents, and controversies
