

ECOFACT London event on Responsible Investment, October 17, 2008

October 21, 2008 – ECOFACT is pleased to announce that it successfully hosted its panel discussion and lunch in London on “Responsible Investment Policies: Implementation and Challenges”, Friday October 17, 2008. The speakers came from leading asset management firms F&C, BlackRock, Insight Investment, and UN PRI organization. The purpose of this event was to present and discuss the implementation of responsible investment policies and the challenges it poses. The presenters lead some of the financial industry’s most renowned responsible investment teams, as well as developing the guiding principles. There was also an introduction to RepRisk.
